PORTABLE TEMPORARY CONSTRUCTION FENCE

Why Rent When You Can Own and Save Money

Academy Fence offers a portable self standing temporary fence for building projects and construction sites. Easy to put up and take down.

No digging required. A two man team can have the fence up in a few minutes. We construct the temporary fence out of regular chain link fencing material. These modular fences are re-usable with no maintenance.

IN STOCK NOW

6' H x 12' W Portable Temp Construction Fence

6' H x 12' W Portable Temp Construction Fence w/Built in Gate

6' H x 6' W Portable Temp Construction Fence

6' H x 6' W Portable Temp Construction Fence w/Built in Gate

1 Peg End Stabilizer Bracket

Stands are made out hot dipped galvanized steel pipe. Heavy duty construction means they will not break. This stabilizer bracket is made to go on the ends of the fence.

2 Peg Line Stabilizer Bracket

This is made the same as the 1 peg stabilizer except one bracket is required to adjoin 2 temporary fence panels in a continuous line.

Head Quarters 119 North Day St. Orange, NJ 07050
